BEHAVIOR & TRAINING

Humane Animal Partners firmly advocates for the use of a positive reinforcement approach to training. **HAP** does not utilize nor promote the use of a punishment-based approaches or associated tools/techniques including prong collars, shock collars, choke chains, etc. The behavior and training industry is unregulated, with no requirements for certification or educational assessment needed prior to training dogs, therefore, we encourage pet parents to seek assistance from certified professionals! For your convenience, we've listed a few local choices below.

WHY POSITIVE REINFORCEMENT?

Ethical & Humane | Builds Stronger Bonds | Promotes Long-Term Learning | Reduces Fear & Anxiety | Encourages Enthusiasm & Confidence | Enhances Communication | Minimizes Behavioral Issues | Adaptable to All Pets | Promotes Positive Socialization
And most importantly? *It helps pets feel safe and loved.*
